

Journey to the apex of the root:

implementing conservative endodontic approach in the daily practise

Workshop powered by

Lector: **Dr. Gergely Benyocs**

de la ora **10:00** la ora **13:00**

25 Aprilie 2024 - GRAND HOTEL ITALIA

Cluj-Napoca - Sala Raffaello

Taxa participare: 150 EURO = 750 RON

Locuri: 15 medici

Inscrieri: Dr. Loredana Lantos Cuc +40749606486

Key learning points:

- Minimally invasive approaches become popular in endodontics, especially by social media users.
- Awareness of clinicians about the advantages and disadvantages of this approach is mandatory.
- Conservative approach is not just about access preparation. It involves also vital pulp therapy, selective root retreatment, minimally invasive instrument removal and less invasive shaping strategy.
- To follow the idea of conservative access preparation and shaping, magnification and experience is mandatory.

I will share tricks and tips for effective endodontic procedures and for ergonomic working environment. Participants will learn the usage of TruNatomy file system. They will carry out step-by-step shaping procedure on artificial models.

Workshop-ul se va desfasura in cadrul congresului iDENT 2024, Cluj-Napoca

Pentru a vă putea înscrie la acest workshop, este obligatorie participarea la congres.
